Circulating Equipment, Musical Instruments, and Anything Else Your Library Desires

Library of things

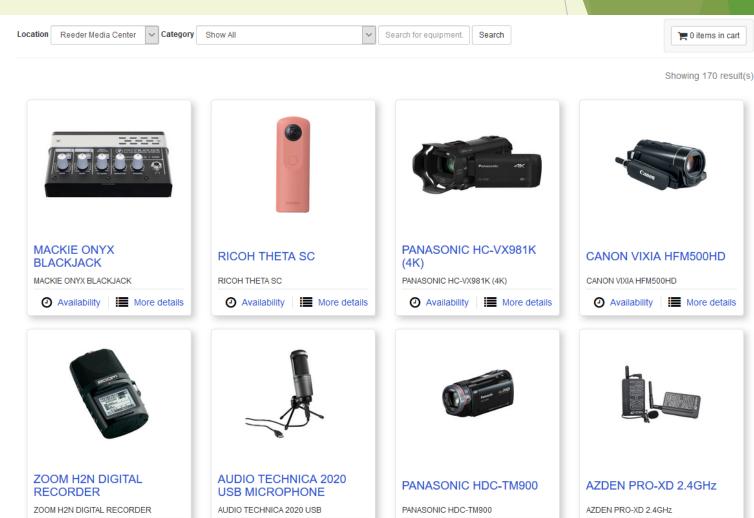

Reeder Media Center

- Support creative uses of multimedia technology.
- Spaces: Studios, collaboration booths, media lab, production room.
- Video software: Camtasia, Apple Encore, GoPro Studio, etc.
- Audio Software: Audacity, Finale, Garageband, etc.
- ► Graphics and web software: Adobe suite, SynfigStudio, Apple iBooks Author, etc.
- ► Equipment: video gear, photography gear, action & web cams, audio recorders, headphones, etc.
- Production Room equipment: green screens, reflector panels, light kits, etc.
- Expertise: staff members teach classes and do one-on-one appointments

Managing Equipment

- Items that get reserved beforehand are entered into LibCal, where they can be booked by Faculty, Staff, and students
- LibCal has categories that are used for statistical purposes, in addition to item titles.
- Items that don't require reservations are entered into Alma for checkout.

ILS Migration Issues

- ► Sirsi to Ex Libris (April-July 2016)
- Hoo-boy

Material Types in ILS

- Currently 102 options
- Limited in how much we can tweak (per vendor)
- Shared by all members of the consortium
- ► Long drop down to select from
- Sometimes Media Center and other desks that circulate equipment need to use different designations (example: chargers).

The problem with peripherals...

- ► The title "Peripherals" was used as a catchall.
- No standardization of description so items could not be matched.
- Almost impossible to create usable stat reports or track trends.

Integration with stats from LibCal

- ► Since so much of the usage stats come from LibCal, it was desirable for our stats from Alma to be able to be matched with the others.
- LibCal had statistical categories that were being used, and they seemed like a good jumping off point

Enter Uniform Title

- Items were completely recataloged using the statistical categories from LibCal as Uniform titles, and adding new ones as necessary.
- Stat reports can now be run using this field for broad results.

Circ Desk Name	Loans (Not In House)	Uniform Title
Reeder Media Center	171	Cables, cords, and adapters
	13	Camera lenses & accessories
	3	DSLRs and mirrorless cameras

	567	Keys
	6	Microphones
	103	Peripherals
	36	Studio microphones (STUDIO-USE ONLY)
	113	Tripods
	2	USB microphones

More granularity can be found by adding the actual title to the report to see a breakdown of which specific types of items get the most usage.

Guiding principles for cataloging equipment

- Patrons and staff will be able to use Alma to tell
 - what is owned
 - what is available right now
 - what they have checked out
- Catalog records provide enough information for billing or ordering replacements
- Catalog records enable meaningful statistics
- ► Cataloging equipment is quick, easy, and done in the Media Center

Old v. new equipment

Equipment clean-up

- Delete discarded, damaged, or withdrawn equipment
- Group like items together
- Update bib records to follow new cataloging guidelines

New cataloging

- Create new templates
- Use meaningful categories to gather statistics
- Create guidelines for assigning item policy, material type, call number, and location

Old equipment: inconsistent and confusing

Old equipment: clean-up

- ► Media Center staff did inventory
 - Spreadsheet of barcodes of items on shelf
 - ► Spreadsheet of items also in LibCal
 - ► Alma item history (last loan date, last inventory date) provided clues about problem items
- ▶ Use Alma "relink item" and "change holdings" functions
- ► Moving items not deleting retains circulation statistics
- ► Withdrew 1100 items (only 1006 items remain in Media Center Equipment)

New equipment templates

- Use template to create new record
- ➤ 240 = Uniform title for statistics. Choose from drop-down list.
- ▶ 245 = Title
- ► 246 = Variant title(s)
- ► All records are suppressed

Ongoing maintenance

- ► Informal check-ins with Media Center staff
- ► Create and share documentation
- Review report of newly created items in Media Center location
- ► Encourage annual inventory of materials
