## WE NEED DIVERSE CHILDREN'S BOOKS:

How To Ensure That Your Community Is Represented On Your Shelves

Marissa Blankinship
Roanoke Public Libraries

## What Is Representation?

- Diversity: Having a composition of different elements.
  - Includes coming from different cultures and experiences
  - Latin Root is Diversus: Separate, opposite, different
- Representation: Acknowledging the presence of various groups and working to ensure that they all have an equal voice. Making sure that everyone has a seat at the table.

## Why Does Representation Matter?

"Books transmit values. They explore our common humanity. What is the message when some children are not represented in those books?...Where are the future white loan officers and future white politicians going to get their knowledge of people of color? Where are black children going to get a sense of who they are and what they can be?"

-Walter Dean Myers, New York Times, March 15, 2014
